DEFIANCE HPS™ 4GSK CAL .45ACP FOR KRISS VECTOR HIGH PRECISION SILENCER (HPS)

The Defiance HPS 4GSK was designed for the .45 ACP and has been carefully engineered to deliver outstanding sound reduction, accuracy and durability for the KRISS Vector. Every HPS 4GSK is constructed of a combination of tool steel and T6 aluminum. The bodies of the silencers are finished with a Type III Mil-spec black anodized coating and the threaded ends with a QPQ coating for scratch and corrosion resistance.

HPS 4GSK

HPS 4GSK

HPS 4GSK	
Caliber	.45 ACP
Weight	1.1lbs (500 grams)
Lenght	7.7 inches (197.5 mm)
Diameter	1.79 inches (45.5 mm)
Compatibility	KRISS Vector

DEFIANCE

DEFIANCE HPS™ FOR H&K MP5 HIGH PRECISION SILENCER (HPS)

Specifically designed for the H&K MP5 9mm, the Defiance HPS 4G5 series is engineered to deliver outstanding performance and high durability. The HPS 4G5 series attaches directly to H&K 3-lug style barrels quickly and securely. The optimized baffle system reduces both blowback and sound signatures. Available in 3 different lengths, the HPS 4G5 silencers accommodate a variety of user length requirements.

DEFIANCE APS™ THE FIRST AIR-PRESSURE CONTROLLABLE PATENTED SILENCER SYSTEM

The Defiance APS series of silencers is designed for low signature operations that require a minimal operational footprint. Each APS features a special locking ring that prevents a semi-automatic pistol from cycling, allowing a user to manually eject spent brass and cycle the next round. To maximize accuracy, a user adjustable 12-point index system provides point-of-impact shift correction. Left and right hand adapters are available for all major service pistols.

APS 4GC9

APS 4GS9

APS 4GC9	
Caliber	9mm
Weight	10.42 Oz (295grams)
Lenght	6 inches (153mm)
